The district encourages parents/guardians and other members of the community to share their time, knowledge and abilities with students. Volunteer assistance in schools enriches the educational program, enhances supervision of students and contributes to school safety while strengthening the school's relationships with the community.

Although the Education Code does not require that volunteers be fingerprinted, the district must ensure that procedures are in place to protect the safety of students and adults. Per Education Code section 35021, a person who is required to register as a sex offender pursuant to Penal Code 290 shall not serve as a volunteer.
